NOTE

The rock art presented here was shown to Mary Jane Van Laar, a teacher at Wadi Musa, by Bedouin guides. At her request, we refrain from disclosing the location until the paintings and engravings will be scientifically evaluated and the rock shelter placed under the protection of the responsible authorities. However, Mary Jane has also expressed her wish to make her pictures known to the public. IFIRAR is grateful for having been commissioned by Ms. Van Laar in making these photographs available.
